Methods Of  
Persuading  
The  
Customer To  
Buy

# 1. Intro

## → **Test 1: Offer only one product or service on the main page of the site**

- How many products or services do you sell on your website? If so, I highly recommend that you test whether this is the best strategy for you. We have found that always offering fewer products in one place, and using more text to describe those products, increases sales.
- Focus is more important here than anything else. Instead of trying to satisfy everyone who visits your site, and offering a large number of products for which there is very little explanation, if you offer only one product or a set of related products, you are actually Focus on the important and key set of benefits and answer all the questions and possible doubts of the visitors about your product.
